MODEL	MANUAL RELEASE	HP MOTOR	CONTROL BOARD	BATTERY BACK UP	SOLAR READY	MAX LENGTH	MAX WEIGHT
EAGLE-OH	Key Switch Release	1/2 HP 120 VAC	Diamond	None	No	20'	600lbs
EAGLE-OH 1HP	Key Switch Release	1 HP 120 VAC	Diamond	None	No	22'	750lbs

The Eagle-OH overhead gate operator is designed for commercial applications and is built for gates up to 20 feet or 600 pounds. It features the state of the art Diamond Control Board and a fully assembled trolley system with a quick release mechanism in case of a power outage. This model offers 3 different track systems for 8 foot, 10 foot and 12 foot high gates. The aluminum C-face gear reducer keeps your overhead operator quiet and running smooth with fewer moving parts while delivering the power from a 1/2 horse power continuous duty AC motor. The Eagle-OH-1HP model showcases all the features in the standard operator but comes equipped with a 1 horse power continuous duty AC motor and is built for gates up to 22 feet or 750 pounds. Both models are backed by our best in class 5 year warranty.
